RESEÑA / REVIEW:

PACIFIC SEAFOOD CA IS A COMPANY ESTABLISHED ON SEPTEMBER 27, 2017. INITIALLY, IT FOCUSED ON EXPORTING SEAFOOD PRODUCTS, ACHIEVING AN INTERNATIONAL PRESENCE IN ASIAN MARKETS (KOREA, TAIWAN) AND AMERICAN MARKETS (CANADA, UNITED STATES), AMONG OTHERS.

DURING THE COVID-19 PANDEMIC, AND FOLLOWING THE GUIDELINES OF THE NATIONAL FOOD SECURITY PLAN, A NEW LINE OF SEAFOOD PRODUCTS AND SPECIES WAS DEVELOPED: PACIFIC FROZEN. THIS LINE IS CHARACTERIZED BY THE HIGHEST STANDARDS OF QUALITY AND FRESHNESS, BOOSTING JOB CREATION AND MINIMIZING EXPORT PROCESS RESTRICTIONS.

EXPORTING FISH CAN OFFER A WIDER VARIETY OF SPECIES AND, IN SOME CASES, REDUCE PRICES. HOWEVER, IT CAN ALSO POSE RISKS TO PRODUCT QUALITY AND SAFETY IF PROPER STANDARDS AREN'T MET. THEREFORE, IT'S IMPORTANT TO ENSURE THAT FISH INTENDED FOR EXPORT COMPLIES WITH THE REQUIREMENTS, REGULATIONS, AND QUALITY ESTABLISHED BY HEALTH AND FISHERIES AUTHORITIES.

VIEW

TO BE A WORLD-CLASS COMPANY, LOOKING TO THE FUTURE THROUGH CONSTANT OPERATIONAL, PRODUCTION, AND FINANCIAL INNOVATION, WHILE ACTIVELY CONTRIBUTING TO THE CONSERVATION OF OUR MARINE RESOURCES TO SUSTAIN OUR PRODUCTION LEVELS.
